

Lawrence Township Curbside Organics

Just a reminder, please complete your organic waste enrollment form and return to the Public Works Department as soon as possible. The collection program start date will be determined after we receive all of the enrollment forms and Central Jersey Waste has an opportunity to schedule the program on their end.

As promised, the first 300 participants were eligible for a discount because of the Sustainable Jersey Grant. The discount will be applied to your invoice for the first twelve months of service.

If you plan to share this service with your neighbor(s), only one party must fill out the enrollment form. That party will be the responsible individual with respect to the billing. Work out any pay share arrangements "behind the scenes".

Remember, it is important that you return your form to jbrokofsky@lawrencetwp.com or Lawrence DPW, 240 Bakers Basin Road, Lawrence Township, New Jersey 08648.

Thanks again for your patience and commitment to recycling in Lawrence Township!
