Public Participation

Mr. Robert Morgan, 69 W. Long Drive, greeted everyone and proceeded to thank the Council for their many years of support relative to the construction of a noise barrier wall alongside the Long Acres section of the Township on I-95 and voiced support for the resolution that they will be considering for adoption later in the evening. Afterwards, he shared pictures and discussed at the length the 20-year history surrounding the long fight his neighborhood has had with regards to getting the noise wall constructed and numerous Interstate accidents that have taken place over the years where automobiles ended up in the Long Acres community.

Mayor Powers thanked Mr. Morgan for his comments and advised that the Council shares in their frustration and they will continue to do everything within their power to get the noise barrier constructed, after which Mr. Bostock made a brief comment concerning the utilization of stimulus money to help bring the project to fruition.

Mr. Charles Hoffman, 722 Puritan Avenue, greeted the Council and thanked them for their efforts as he knows public service is a demanding and difficult job and proceeded to discuss Hamnett Park that is located on Ohio Avenue and used as a recreational mecca by seniors, toddlers, young adults and kids after school for soccer, hockey, kite flying, dog walking, etc.; but, indicated over the past several years the park has not been mowed on a regular basis, possibly due to budget cuts, and after speaking with some of the kids in the neighborhood they are really disappointed about the upkeep of the park and he feels in this day and age it is very important for kids to have some place to go and have recreation.

Mr. Hoffman thanked the Council for their time and consideration and indicated he is not complaining about the services he is just a voice speaking for the children and seniors who enjoy activities in the park. So, if at all possible, he would like for the Council to reallocate some additional funding so that the park

can be mowed on a regular basis and advised of a new senior citizen village that is coming soon and how those seniors could enjoy the usage of the park.

Mayor Powers thanked Mr. Hoffman for his comments, after which some discussion took place amongst the Council relative to a possible solution to the issue.

There being no one else who wished to address Council, Mayor Powers closed Public Participation.
