Share your vision for a resilient Mercer County!

Mercer County is updating its Multi-Jurisdictional Hazard Mitigation Plan (HMP). This plan identifies risks and vulnerabilities connected with natural disasters and develops long-term strategies to protect our people, property, and infrastructure.

Mercer County recently released its draft plan and is seeking public feedback for further improvements.

This meeting will provide a high-level summary of findings from earlier rounds of public engagement, and an opportunity for the public to provide comments or ask questions on the draft 2026 Mercer County HMP.
