

Mercer County, NJ

2026 Multi-Jurisdictional Hazard Mitigation Plan

Overview

Mercer County is updating its 2021 Multi-Jurisdictional Hazard Mitigation Plan (HMP). Hazard mitigation planning identifies risks and vulnerabilities associated with natural disasters and develops long-term strategies for protecting people and property from future hazard events. A HMP is required by state and federal agencies to be updated every five years in order for communities in Mercer County to be eligible for certain types of state and federal disaster relief funds after a disaster occurs.

Public Workshops

Mercer County, alongside consultant Michael Baker International, Inc., will host a series of public workshops during this plan update. The purpose of the workshops is to provide an update on the project and to gather input from residents. Public input will help the project team better understand risks, vulnerabilities, and impacts of natural hazards to the community and identify potential mitigation actions to reduce that risk.

Join us for an in-person meeting

What

Join us to discuss your ideas for Mercer County's community resilience.

Where

Fire Service Training Center
350 Lawrence Station Rd
Lawrence, NJ 08648

When

Monday, July 27, 2026
6:00 - 7:00pm

Parking is available in front of the building.

How can I get involved?

Share your vision for a resilient Mercer County!
