

JERSEY CENTRAL POWER AND LIGHT COMPANY (JCP&L)
New Jersey Clean Energy Corridor Project
Lawrence Township Zoning Board of Adjustment
Minor Site Plan and Variance
List of Variances

The Applicant will seek the following variances in support of the Application:

- d(6) variance relief to permit the height of the proposed structures within the right-of-way to extend beyond the maximum allowable height in all zones in which the structures are located.

The Applicant will seek any additional variances, waivers, or relief identified by the Zoning Board or the Zoning Board professionals during the course of the Board's deliberations on this matter. The Applicant reserves the right to modify or supplement this List of Variances prior to and/or at the time of the public hearing on this matter.
