INTRODUCTORY SECTION – UNAUDITED December 31, 2014

The comprehensive Annual Financial Report for the Township of Lawrence (the "Township") for the fiscal year ended December 31, 2014, is submitted herewith. New Jersey statutes require the Township to annually issue a report on its financial position and activity. An independent Registered Municipal Accountant must audit the report. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Township. To the best of our knowledge and belief, the enclosed data is accurate in all material respects. All disclosures necessary to enable the reader to gain an understanding of the activities of the Township have been included.

The Comprehensive Annual Financial Report is presented in four sections: an introductory section, a financial section, a statistical section, and general comments and recommendations. The introductory section, which is unaudited, includes this transmittal, an organizational chart, and a list of the Township's principal elected and appointed officials. The financial section includes the general purpose financial statements and the combined and individual fund and account group financial statements with schedules, as well as the independent auditors' report on these statements and schedules. The statistical section, which is unaudited, includes selected financial and demographic information.

General Description

The Township is a community of twenty-two square miles located in the center of Mercer County, New Jersey. Princeton and West Windsor Townships bound it on the north. Its southern neighbor is the City of Trenton, the state capital. It is bounded on the east by Hamilton Township and on the west by Ewing and Hopewell Townships.

The Township and its surrounding communities host one of the largest concentrations of diversified research and development activities in the nation. Among the country's largest corporations that pursue such activities are Educational Testing Service and Bristol-Myers Squibb, both of which are in Lawrence. Smaller corporate and office complexes are concentrated at the various Interstate 95 interchanges within the community.

Three large retail establishments serve township residents, as well as residents of neighboring communities. The Quaker Bridge Mall, a regional enclosed shopping mall anchored by four major department stores, the Mercer Mall and the Lawrence Shopping Center provide retail opportunities within the Township's borders.

Governmental Structure

The Township adopted the council/manager form of government in 1970. The Township Council (the "Council") is composed of five part-time members elected on a partisan basis and serving the Township for four-year terms. Elections are held every two years, resulting in terms of office which overlap.

The Council elects a Mayor from its members. The Mayor serves a two-year term, presides at all Council meetings and has a voice and vote in the proceedings. The Mayor executes all bonds, notes, contracts and written obligations on behalf of the Township. Powers are limited to those expressly conferred by the charter.

INTRODUCTORY SECTION – UNAUDITED December 31, 2014

Governmental Structure (Continued)

The Township Manager is the chief executive and administrator of the Township. The Township Manager serves the Council for an indefinite term of office and may be removed by a majority vote of the Council.

Services

Education

The Lawrence Township School District (the "District") serves the Township, which is coterminous with the District. In addition to the public schools within the District, Notre Dame High School, Chapin School and The Lawrenceville School are located in the Township. Higher educational opportunities are available at Rider University, located in the Township, and Princeton University, Rutgers, The State University and The College of New Jersey, which are located within a short distance.

Municipal Clerk

The Council appoints the Municipal Clerk, who is responsible for keeping minutes and records of the proceedings of the Council and any Council committees. The Municipal Clerk is statutorily responsible for all elections. The Clerk's Office also issues various permits and licenses. During 2014, one hundred fifty-three (153) such permits and licenses were issued, of which twenty-four (24) were Alcoholic Beverage Licenses.

Public Safety Department

The Township provides public safety services through a full-time police division and a combination of paid and volunteer firefighters and emergency medical technicians. The police division consists of sixty-two (62) uniformed officers and civilian personnel. During calendar year 2014, the Lawrence Township Police responded to 31,916 calls for service. Overall reported crime in 2014 decreased by 15% from 2013.

Fire service is provided by Lawrenceville Fire Company, Lawrence Road Fire Company and Slackwood Fire Company, which are all volunteer units except for daytime paid apparatus drivers. EMS service is now provided full-time by Township employees.

Department of Community Development

The Department of Community Development is comprised of the Divisions of Planning and Redevelopment, Engineering and Code Enforcement. The role of the Department is to regulate the development, construction and occupancy of property through the application of New Jersey statutes and local ordinances. Land development is regulated by the Township's Land Use Ordinance and approved by the Township Planning and Zoning Boards.

The Division of Planning and Redevelopment services the Planning and Zoning Boards, as well as several other volunteer committees. In addition, housing rehabilitation and the Township's Affordable Housing Program are directed from this division.

INTRODUCTORY SECTION – UNAUDITED December 31, 2014

Services (Continued)

The Engineering Division principally serves three functions. The first is the inspection of improvements on development projects, insuring that the work meets the approved project plans. The second activity is the preparation of plans and specifications and project supervision for privately contracted municipal public improvements – primarily roads. The third function is assisting the Department of Public Works with various in-house public improvement projects.

Code Enforcement personnel review the plans and perform site inspections for all construction undertaken within the Township to insure compliance with construction codes. Additionally, the division performs fire inspections on non-residential properties and housing inspections on multi-family units.

Department of Finance

The Department of Finance is responsible for the collection, disbursement and investment of all Township funds and the administration of the Township's self-insurance program. The Township Council appoints a Chief Financial Officer who directs the activities of the department. Through the office of the Tax Assessor, the value of property is assessed for tax purposes. The Tax Collector is accountable for the billing and collecting of both property taxes and sewer service charges. In 2014, the assessor and collector were responsible for assessing and collecting revenue from approximately 11,125 properties.

The Finance Department also oversees the purchase of all goods and services, assists in the preparation of the municipal budget and provides for an annual audit of all Township financial records.

The Township is self-insured, with appropriate stop loss coverage, for general liability, worker's compensation, auto liability and law liability. Effective January 1, 2013, Lawrence Township joined the Garden State Municipal Joint Insurance Fund for identical coverage.

Debt management also falls within the purview of the Department of Finance. The New Jersey Bond Law authorizes bonded indebtedness for municipalities. The amount of indebtedness is limited by statute and is not to exceed three and one-half percent of the average of the equalized assessed valuation of the prior three years. At December 31, 2014, the percentage of net debt to the average equalized assessed value for Lawrence Township was 0.618%. Debt issuers are rated based on creditworthiness. The Township of Lawrence enjoys a "Moody's" debt rating of "Aa3."

Department of Health

The Department of Health inspects all food establishments and enforces the state and local health codes. The core activities of the Health Department are health promotion programs, environmental health inspections, communicable disease control and infant, child and adult health services, including immunizations. In 2014, the department conducted 1,500 health inspections and administered 601 immunizations. Other services that were provided during 2014 included vision, hearing and speech screening, blood pressure screenings, blood borne pathogen training for employees and a health education program for senior citizens.

INTRODUCTORY SECTION – UNAUDITED December 31, 2014

Services (Continued)

Department of Public Works

The Department of Public Works is responsible for the maintenance of all municipal property, including parks, municipal buildings and Township roads. Trash removal and recycling are provided through contract services.

The Township, along with Princeton, funds and operates the Joseph H. Maher Jr. Ecological Center, a leaf and brush composting facility on Princeton Pike in Lawrence. Leaves and brush are collected and turned into mulch and wood chips which are used in public parks and on municipal grounds. These products also are made available to residents of the three communities at no cost and to non-residents or businesses for a fee.

Roadway maintenance is provided by the Public Works Department for roadway resurfacing and through private contractors for complete roadway reconstruction. On average, the department resurfaces approximately 40,000 square yards of roadway annually.

Recreation Department

The Department of Recreation plans and coordinates recreational activities for all age groups and interest levels. Programming is year-round and includes activities such as aquatic instruction, summer enrichment, seasonal sports and after-school programs. The department also arranges community activities, including the Memorial Day Parade, Fourth of July fireworks, Community Day, Kids Triathlon, Veterans Day Observances, and an annual holiday tree-lighting ceremony. In 2014, there were 2,528 registrations for youth programs and 909 registrations for adult activities.

Within the Recreation Department is the Office on Aging, which is responsible for providing various recreational programs to the senior citizens of the community. The Lawrence Township Senior Citizen Center offers senior residents an opportunity to gather for special programs, bingo, social interaction and a daily hot lunch program. The center also hosts the activities of forty (40) senior citizen clubs.

Municipal Court

The Township operates its own Municipal Court with a full-time staff and part-time municipal court judge. By state law, the Council appoints the Municipal Court Judge to a term of three years. During 2014, the Municipal Court had a caseload of 15,171 traffic violations. In addition, 2,058 criminal cases were filed, and 2,325 were disposed of. The Court generated \$1,664,848.37 in revenue, with the Township retaining \$853,678.00 (\$555,127.25 court/\$298,550.75 red-light).

Utilities

Water services are provided and billed directly to the property owner by the City of Trenton Water Utility, the Aqua Water Company and the New Jersey American Water Company.

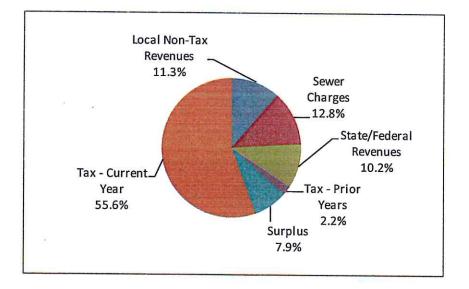

The Ewing-Lawrence Sewerage Authority ("ELSA") provides for the collection, treatment and disposal of sanitary sewage. The Township is billed for its proportionate share of ELSA's cost of operations and, in turn, recovers those costs by charging system users for the service.

INDEPENDENT AUDITORS' REPORTS

.

INDEPENDENT AUDITORS' REPORT

To the Mayor and Council Members of The Township of Lawrence

Report on the Financial Statements

We have audited the accompanying financial statements – regulatory basis of the Township of Lawrence, County of Mercer, State of New Jersey (the "Township"), as of and for the year ended December 31, 2014, and the related notes to financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the

Auditors' Responsibility (Continued)

appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A, these financial statements are prepared on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2014, or the changes in financial position thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective fund balance of various funds of the Township, as of December 31, 2014, and the changes in fund balance thereof for the year then ended in accordance with the financial reporting provisions set forth by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Report on Summarized Comparative Information

We have previously audited the Township's 2013 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 25, 2014, in accordance with the financial reporting provisions described in Note A. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Report on Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The supplemental schedules as required by the Division of Local Government Services Department of Community Affairs, State of New Jersey are presented for purposes of additional analysis and are not a required part of the basic financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Report on Supplementary and Other Information (Continued)

These schedules are the responsibility of management and were derived from and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note A.

The introductory section and supplementary information as listed in the table of contents has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2015, on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Council Members of the Township of Lawrence

We have audited, in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements, of the Township of Lawrence (the "Township"), as of and for the year ended December 31, 2014, and the related notes to financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated June 22, 2015, in which we expressed an adverse opinion on the conformity of the financial statements with accounting principles generally accepted in the United States of America due to differences between those principles and accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Celebrating 50 Years of Leading by Example

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

Internal Control Over Financial Reporting (Continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The financial statements of the Township of Lawrence (the "Township") include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by N.J.S. 40A:5-5. However, the operations of the Board of Education and volunteer fire companies are not included in the Township's financial statements.

Description of Funds

The accounting policies of the Township conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgeting restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds:

Current Fund – The Current Fund is used for resources and expenditures for governmental operations of a general nature, including federal and state grant funds, except as otherwise noted.

Other Trust Fund – The Other Trust Fund is used for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created, pursuant to the provisions of N.J.S.A. 40A:4-39.

General Capital Fund – The General Capital Fund is used for the receipt and disbursement of funds for the acquisition of general capital facilities, including federal and state grants in aid of construction, other than those acquired in the Current Fund, including the status of bonds and notes authorized for said purposes.

Animal Control Fund – receipt and disbursement of funds related to animal control, primarily dogs and cats.

Housing and Community Development Fund – receipt and disbursement of funds related to affordable housing in the Township.

Self-Insurance Fund – receipt and disbursement of funds related to various types of insurance covered by the Township.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation at the time such property was acquired. The balance of foreclosed property is fully reserved.

Interfund Receivables and Payables - Interfund receivables in the Current Fund are recorded with offsetting reserves; interfund payables are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in other funds are not offset by reserves.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Funds (Continued)

Inventories of Supplies - The cost of inventories of supplies for all funds is recorded as an expenditure at the time individual items are purchased. The cost of inventories is not included in the various fund balance sheets.

Self-Insurance Reserves - Charges to self-insurance reserves are recorded when payments of claims and related expenses are made. Increases to self-insurance reserves are recorded from budgetary appropriations in the accounting period during which budgetary expenditures are recorded. Other earnings are credited to reserves when received in cash. Generally accepted accounting principles require that liabilities for incurred claims be recorded as determined actuarially.

Sale of Municipal Assets - Cash proceeds from the sale of Township-owned property may be realized as revenue or reserved until utilized as an item of revenue in a subsequent year budget. Reserved proceeds are recorded as a cash liability in the Current Fund. Generally accepted accounting principles require that revenue be recognized in the period that the sale is made.

General Fixed Assets - In accordance with New Jersey Administrative Code 5:30-5-6, *Accounting for Governmental Fixed Assets*, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Township of Lawrence is required to have and maintain a fixed asset and reporting system for non-expendable personal property with an acquisition cost of \$5,000 or more per unit and a useful life of more than one year.

Fixed assets used in governmental operations ("general fixed assets") are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems, are not capitalized.

For the classification of land, buildings and other improvements, actual cost was used. With respect to machinery and equipment, actual cost was used whenever possible. However, a significant amount of items were valued at their estimated or replacement cost, since the original cost was not available. No depreciation is provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and the related asset is placed in operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

It is the policy of the Township not to capitalize interest cost on fixed assets constructed.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Funds (Continued)

Reserve for Uncollected Taxes represents an appropriation made to allow total current tax billings to be levied at an amount greater than the appropriations needed. Reserve for Uncollected Taxes is not recognized under generally accepted accounting principles.

Basis of Accounting

A modified accrual basis of accounting is followed with minor exceptions. Modifications from the accrual basis are as follows:

Revenues are recorded when received in cash, except for certain amounts that are due from other governmental units. Receipts from federal and state grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes and sewer charges are recorded with offsetting reserves on the balance sheet of the Township's Current Fund. Accordingly, such amounts are not recorded as revenue until collected. Other amounts which are due to the Township are also recorded as receivables with offsetting reserves and are recorded as revenue when received.

Cash equivalents are carried at cost. Purchases are limited by New Jersey Statute 40A:5-15.1 to bonds or obligations of, or guaranteed by, the federal government and bonds or other obligations of federal or local units having a maturity date not more than twelve months from the date of purchase.

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, 2014, are reported as a cash liability in the financial statements and constitute part of the Township's statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at the end of each year and are recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis, and interest on general capital indebtedness is on the cash basis. Expenditures for compensated absences are recorded in the accounting period in which the payments are made to the dedicated trust fund established for this purpose. Generally accepted accounting principles require that expenditures be recorded when they are incurred.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

The Governmental Accounting Standard Board ("GASB") is the accepted standardssetting body for establishing government accounting and financial reporting principles. GASB's Codification of Governmental Accounting and Financial Reporting Standards recognizes three fund categories as appropriate for the accounting and reporting of the financial position and results of operations in accordance with generally accepted accounting principles ("GAAP"). This structure of funds differs from the organization of funds prescribed under the regulatory basis of accounting utilized by the Township. The resultant presentation of financial position and results of operations in the form of financial statements is not intended to present the general-purpose financial statement required by GAAP.

Other Post Employment Benefits ("OPEB") Other than Pensions

On July 1, 2007, the Township implemented GASB Number 45, which covers accounting and financial reporting requirements for government employers which provide post employment benefits other than pensions. Since the Township participates in a multiple-employer cost-sharing plan (Public Employees' Retirement System ("PERS")), the Township's portion of this liability and cost is calculated and recorded at the State of New Jersey level and included in the state's Comprehensive Annual Financial Report. The Township records OPEB expense based on billings from the state PERS. Required financial statement disclosure requirements are included in Note L of these audited financial statements.

Rounding

Some schedules in the financial statements may have dollar differences due to rounding adjustments.

B. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents and investments include amounts on deposit, petty cash, change funds and short-term investments with original maturities of three months or less.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other state statutes permit investments in obligations issued by local authorities and other state agencies.

NOTES TO FINANCIAL STATEMENTS

B. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include state or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured.

The market value of the collateral must equal five percent of the average daily balance of public funds; and, if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

As of December 31, 2014, the Township's bank balances of \$46,797,164.17 were exposed to custodial credit risk as follows:

	Bank Balance
Insured and Collateralized Uninsured and Collateralized	\$ 750,000.00 832,870.47
Uninsured and Uncollateralized	45,214,293.70
Total	\$ 46,797,164.17

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Township's deposits may not be returned or the Township will not be able to recover collateral securities in the possession of an outside party. The Township's policy requires deposits to be secured by collateral valued at market or par, whichever is lower, less the amount covered by the Federal Deposit Insurance Corporation ("FDIC"). The Township Council approves and designates the authorized depository institution based on evaluation of solicited responses and certifications provided by financial institutions.

Concentration of Credit Risk – This is the risk associated with the amount of investments the Township has with any one issuer that exceeds five percent or more of its total investments. Investments issued or explicitly guaranteed by the U.S. government and the New Jersey Cash Management Fund are excluded from this requirement. None of the investments held by the Township are exposed to concentration of credit risk.

NOTES TO FINANCIAL STATEMENTS

B. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the Township does not have an investment policy regarding Credit Risk, however, the Township had no investments that were subject to credit risks as of December 31, 2014. The New Jersey Cash Management Fund is not rated.

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Township has a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations. However, its practice is to hold investments to maturity.

Summary of Statutory Debt Condition - Annual Debt Statement

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the annual debt statement and indicates a statutory net debt of 0.618%:

NOTES TO FINANCIAL STATEMENTS

C. LONG-TERM DEBT (CONTINUED)

Summary of Municipal Debt (Continued)

	Gross Debt	Deductions	Net Debt
Local School District Debt	\$ 31,493,000.00	\$ 31,493,000.00	\$ -
Other Bonds and Notes	30,652,663.10	616,881.77	30,035,781.33
	\$ 62,145,663.10	\$ 32,109,881.77	\$ 30,035,781.33

Borrowing Power under N.J.S.A. 40A:2-6 as Amended

3 1/2% of equalized valuation basis (municipal)	\$ 170,124,560.63
Net debt	30,035,781.30
Remaining borrowing power	\$ 140,088,779.33

Summary of Statutory Debt Condition - Annual Debt Statement

Net debt of \$30,035,781.33 divided by average equalized valuation basis per N.J.S.A. 40A:2-2 as amended of \$4,860,701,732.33 equals 0.618%. This information is in agreement with the Annual Debt Statement filed by the Chief Financial Officer.

The following is a schedule of annual debt service for principal and interest on general bonded debt (excluding bond anticipation notes), infrastructure trust loans and green trust loans issued and outstanding to maturity:

Year	 Principal	Interest	Total
2015	\$ 2,703,969.54	\$ 331,694.84	\$ 3,035,664.38
2016	2,615,011,44	271,290.53	2,886,301.97

	\$ 13,866,070.14	\$ 1,128,646.74	\$ 14,994,716.88

Green Trust Program Loans

The Township has contracted with the State of New Jersey, Department of Environmental Protection for Green Trust Program Loans to fund a portion of the costs incurred in the construction of Village Park, Tiffany Woods and Drexel Woods.

New Jersey Environmental Infrastructure Trust Loan

The Township has contracted with the State of New Jersey, Department of Transportation to fund a portion of the costs incurred in various eligible projects.

D. BOND ANTICIPATION NOTES

The Township issues bond anticipation notes to temporarily finance various capital projects prior to the issuance of serial bonds. The terms of the notes cannot exceed one year, but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid not later than the tenth anniversary of the original note. The State of New Jersey also prescribes that, on or before the third anniversary of the date of the original note, a payment of at least equal to the first legally payable installment of the bonds, in anticipation of which such notes were issued, be paid or retired. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary of the date of the original issue. At December 31, 2014, the Township had bond anticipation notes totaling \$9,270,000.00.

NOTES TO FINANCIAL STATEMENTS

E. BALANCE APPROPRIATED - CURRENT FUND

Current fund balances were appropriated and included as anticipated revenue in the succeeding year's budget for the past five years as follows:

		Utilized

F. PROPERTY TAXES

Assessment of Tax

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, the Lawrence Township School District and Mercer County, the tax rate is struck by the board based on the certified amounts in each of the taxing districts. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector on or before May 13.

Collection of Tax

Pursuant to statute, taxes for municipalities operating under the calendar fiscal year shall be payable as follows: the first installment on February 1, the second installment on May 1, the third installment on August 1, and the fourth installment on November 1, after which dates, if unpaid, a ten-day grace period is given, after which taxes shall become delinquent and remain delinquent until such time as all unpaid taxes, including taxes and other liens subsequently due and unpaid together with interest thereon, have been fully paid and satisfied. The tax bills are prepared and mailed by the Collector of Taxes of the Township annually in July.

The tax bills for each of the first two installments are based upon one-quarter of the total tax levied against the respective properties for the preceding year. The amount of the tax bill for third and fourth installments is the full tax as levied for the current year, less the amount charged as the first and second installments with the amount divided equally between the last two installments.

Taxes become delinquent if not paid on the installment dates or within the ten-day grace period and become subject to interest penalties of 8% to 18% of the amount delinquent. If taxes are delinquent 60 days before the date of the tax sale of the succeeding year, the delinquent amount is subject to "Tax Sale," which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1 of the current tax year even though the amount due is not known.

NOTES TO FINANCIAL STATEMENTS

G. PENSION AND RETIREMENT PLANS

Employees who are eligible for a pension plan are enrolled in one of three pension systems administered by the Division of Pensions, Department of the State of New Jersey. The state-administered plans are: (1) the Public Employees' Retirement System ("PERS"), (2) the Police and Firemen's' Retirement System ("PFRS"), and (3) the Defined Contribution Retirement Plan ("DCRP"). The division annually charges municipalities and other participating governmental units for their respective contributions to the plans based upon actuarial calculations. A portion of the cost is contributed by the employees. The Township's share of pension costs for the plans amounted to \$2,394,034.00 and \$2,464,698.00 for the years ended December 31, 2014 and 2013, respectively.

In 2001, voters approved a Length-of-Service Awards Program ("LOSAP") for volunteer fire and first aid personnel who meet certain eligibility requirements. The Township's contribution to LOSAP in 2014 amounted to \$34,000.00.

H. SELF-INSURANCE FUND

Effective January 1, 1999, the Township maintains a self-insurance plan for worker's compensation insurance, legal liability, general liability, automobile liability and garage liability which is administered by an outside claims service bureau. Effective January 1, 2013, the Township joined the Garden State Municipal Joint Insurance fund for the procuring of coverage.

The following information was obtained from the claims service bureau:

		Estimated Reserve Requirements for Open Cases					
Worker's Compensation General Liability Police Professional Auto Liability	December 31, 2014 December 31, 2						
	\$	145,349.38 14,117.54 35,500.00 73,229.29	\$	108,969.60 32,717.59 35,500.00 73,229.29			
Total Estimated Reserve Requirement	\$	268,196.21	\$	250,416.48			
Cash Reserves*	\$ 1,0	662,038.23	\$	1,941,599.21			

* Includes amounts charged to operating budgets and due to the Self-Insurance Fund.

The Township also maintains specific and aggregate excess insurance coverage to limit its selfinsured risk retention.

I. PENDING LITIGATION

The Township is a defendant in various matters under litigation. In the opinion of the Township's management, these matters will not have a material adverse effect on the financial position of the Township in the event of unfavorable or adverse outcomes.

NOTES TO FINANCIAL STATEMENTS

J. UNUSED SICK LEAVE AND VACATION BENEFITS

The Township has permitted employees to accrue sick leave pay which may be taken as time off or paid at a later date. Non-union employees are entitled to a lump sum payment equal to 50% of unused accumulated sick leave at current rates, subject to a cap of \$15,000. Union employees receive a similar payment, subject to a cap of \$15,000. Union employees, not including police, hired after January 1, 2010, are subject to a cap of \$10,000. Fraternal Order of Police is subject to a cap of \$15,000, except for officers hired after January 1, 2013, who are subject to a cap of \$15,000 or the amount established by New Jersey Law whichever is less. Each year a provision is made in the budget to cover the estimated annual cost of such payments.

The Township's policy with respect to unused vacation is to permit employees to carry over such vacation for one year unless approved otherwise by the Township Manager.

The total balance of unused sick and vacation time benefits amounted to approximately \$2,912,819.00 at December 31, 2014. This total is not intended to represent amounts that will ultimately be paid to employees upon termination or retirement, as no adjustment has been made to reflect the limitations on lump sum payments. Such amounts are not included in accrued liabilities at December 31, 2014.

At December 31, 2014, the Township had established a balance of \$232,781.11 as a cash reserve in the trust fund which is available for future payments of compensated absences.

K. COMMITMENTS

The majority of the Township employees are represented through the following collective bargaining units:

Bargaining Unit Fraternal Order of Police, Lodge 209 - 12/31/2015 Communication Workers of America, Local 1032 - 12/31/2013 American Federation of State, County and Municipal Employees Council 73, AFL-CIO, Local 2476 - 12/31/2016 American Federation of State, County and Municipal Employees, Council 73, AFL-CIO, Local 2257 - 12/31/2016 Firefighters Mutual Benevolent Association, Local 96 - 12/31/2016 Firefighters Mutual Benevolent Association, Local 396 (EMT's) - 12/31/2013

NOTES TO FINANCIAL STATEMENTS

L. OTHER POST EMPLOYMENT BENEFITS ("OPEB") OTHER THAN PENSIONS

Plan Description

The Township contributes to the State Health Benefits Program ("SHBP"), a cost-sharing, multipleemployer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under <u>N.J.S.A.</u> 52:14-17.25 et seq., to provide health benefits to State employees, retirees and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2000, the Township authorized participation in the SHBP's post-retirement benefit program through resolution number 146-00. The Township adopted the PERS requirement of providing continued health care benefits to employees retiring after twenty-five years of service. Post retirement health benefits are limited by years of services and age at retirement. The maximum period of coverage is ten years for civilians and fifteen years for police officers. Members of AFSCME, CWA and non-union employees hired on or after January 1, 2010, are not eligible for post-retirement benefits. Police officers hired after June 28, 2011, receive a maximum of ten years medical coverage upon retirement. Township eligible employees receive the SHBP benefits as noted in paragraph one.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Township on a monthly basis. Contributions, funding and the cost sharing policy, and the manner of administration are determined by the State.

The Township contributions to SHBP for retirees for the years ended December 31, 2014, 2013 and 2012, were \$1,257,305.46, \$1,060,510.89 and \$818,136.98, respectively, which equaled the required contributions for each year. There were approximately 52, 52 and 41 retired participants eligible at December 31, 2014, 2013 and 2012, respectively.

NOTES TO FINANCIAL STATEMENTS

M. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2014, the following deferred charges are shown on the statement of assets, liabilities, reserves and fund balance of the current fund:

					1	Balance to
		Balance	2	015 Budget	5	Succeeding
	Dece	ember 31, 2014	A	Appropriation		Budgets
Special Emergency	\$	480,000.00	\$	160,000.00	\$	320,000.00
Total	\$	480,000.00	\$	160,000.00	\$	320,000.00

N. SUBSEQUENT EVENTS

Management has evaluated subsequent events that occurred after the statement of assets, liabilities, reserves and fund balance date but before, June 22, 2015, the date the financial statements were available to be issued. No issues were noted by management that required disclosure.

### SUPPLEMENTARY INFORMATION

GENERAL COMMENTS Year Ended December 31, 2014

### ٦

### Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

Local units and board of educations that have appointed a Qualified Purchasing Agent pursuant to N.J.S.A. 40A:11-9(b) and take advantage of a higher bid threshold pursuant to N.J.S.A. 40A:11-3(a) and 18A:18A-3(a), had their maximum bid threshold increased from \$29,000 to \$36,000. Where the higher bid threshold is authorized, appropriate action should be taken to adjust the locally set amount.

The Township has a Qualified Purchasing Agent.

Please remember that contracts exceeding the new threshold are subject to the appropriate requirements of the Local Public Contracts Law and the Public School Contracts Law. As a result of the change in bid threshold, the 15% threshold for the informal receipt of quotations thresholds of N.J.S.A. 40A:11-6.1(a) and 18A:18A-37(a) also changes. The following table summarizes the new bid and quotation thresholds.

		Threshold	Quotati	on Threshold
Base amount	\$	17,500	\$	2,625
With qualified purchasing agent	·\$	36,000	\$	5,400

It is also noted that, as an alternative to public advertising, the Township uses state contracts to purchase certain approved items.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, if any obvious violations existed, results are indicated in the findings and recommendations - current year.

Any interpretation as to possible violation of the N.J.S. 40A:11-4 and N.J.A.C. 5:30-14 would be in the province of the municipal solicitor.

### Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 8, 2014. Several items under bankruptcy proceedings or payable on an installment basis were excluded from the sale.

FINDINGS AND RECOMMENDATIONS CURRENT YEAR

None reported.

FINDINGS AND RECOMMENDATIONS / PRIOR YEAR

No prior year findings reported.
