

Advances in AFib Management and Stroke Prevention

Thursday, February 29, 2024 | 6 p.m.

Location: Zoom Meeting

Learn about the latest advancements in the management of atrial fibrillation (AFib) as well as medications and non-drug options for stroke prevention among patients with atrial fibrillation. Join **DR. ROY SAUBERMAN**, a board certified and fellowship trained cardiac electrophysiologist from Capital Health Cardiology Specialists, for a discussion that will also include information on the Watchman implant, an FDA-approved device proven to reduce stroke risk in people with AFib not caused by a heart valve problem.

This event will be taking place virtually using Zoom. Register online at capitalhealth.org/events and be sure to include your email address. Zoom meeting details will be provided via email 2–3 days before the program date. Registration ends 24 hours before the program date.
