Section One: Annual Calibration of Components:

Draeger Safety Diagnostics, Inc. performs annual calibration and recertification of your Alcotest® CU34 Wet Bath Simulators and Simulator Temperature Probes contained in your system. Please track the dates shown on the white tags located on each component for the last calibrated dates and insert them into a log book or computerized database to give you a reminder 2-3 months prior to expiration. Our Service Department usually turns this type of work around in 48-72-hours depending on the amount of work in-house at the time. Be sure to carefully pack the Alcotest® CU34 in the original foam packaged carton.

*Simulators and probe should be insured for replacement cost, if lost or damaged in transit.
 Prices are as follows; Simulator \$650ea Probe \$320ea.*
